I pledge allegiance to my health, to not compare myself to anyone else. With fruits and vegetables I’ll fill my tray and get nice and sweaty every day. I have only this body and this one heart so today’s the day I’m going to start eating less chips and less sugary drinks and before I eat I’m going to think!

I Pledge Allegiance to My Health created by Mandy Richardson, Teacher on Special Assignment
Network for a Healthy California-Hawthorne School District
Peppers are fruits because they have seeds.

Peppers have vitamin C.

Vitamin C helps your body heal cuts.

Watch this video to learn about a pepper farmer!

Draw a picture of your favorite pepper from the video.

See the Pea Dippin' Good recipe in Tasting Trios.
MyPlate shows the five food groups using a plate. Each part of the plate shows an important food group. The red part is the fruit group. The green part is the vegetable group. The orange part is the grain group. The purple part is the protein group. The blue part is the dairy group. Draw in healthy foods you would like to eat from the five food groups. Use the Foods Found in MyPlate on the next page to help you. For more activities, games, and videos visit: www.ChooseMyPlate.gov/kids
**Foods Found in MyPlate**
