Preliminary Meeting

INTRODUCTIONS

WHY WE’RE HERE

OUR INTEREST

WHAT IS A JOG-A-THON?
A successful jog-a-thon can promote physical activity, raise money, build school spirit, and increase student participation. Reducing the frequency of unhealthy school fundraisers has the potential to positively impact improvements in childrens’ health and healthy fundraisers may have the power to communicate positive messaging on health and wellness while also meeting schools’ financial needs. While relatively simple to organize, jogathons can be highly profitable, partially because schools are able to keep 100% of the profits when the event is organized in house
